3 If you find yourself on vacation or a short getaway and realize you've left something behind, which of the following item(s) is the most probable to be forgotten?

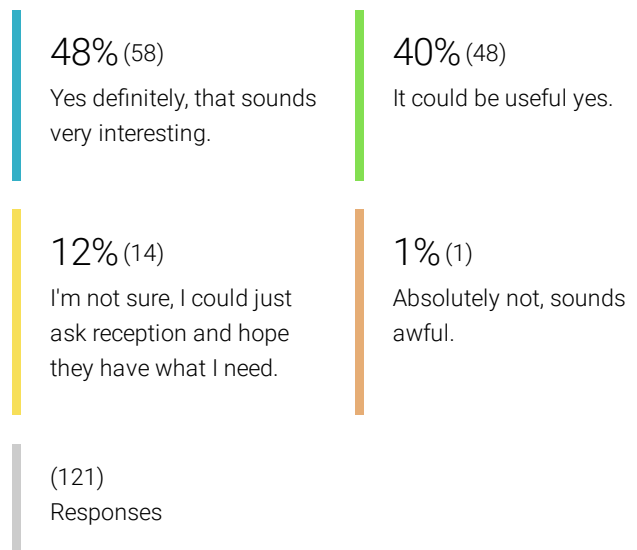

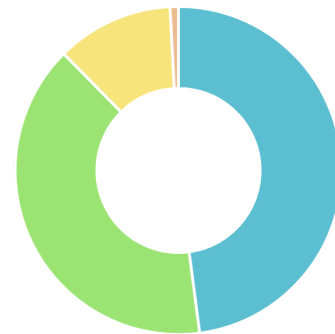

4 Did you know many four star and above hotels can give you a lot of the items above upon request for free?

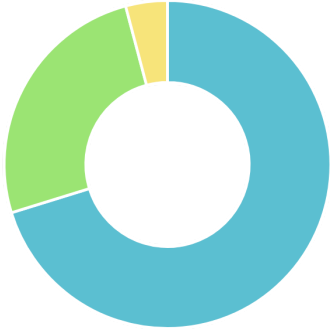

5 If you could receive any of the toiletries above free of charge would you prefer they be environmentally friendly or plastic/polymer based?

6 If a 4+ star hotel you were staying at had a brand new, slim, touch screen vending machine which sold and specialised in eco friendly convenience goods (bamboo & biodegradable) , Also having all the electronics mentioned above plus much more would you potentially use this machine if you needed something?

7 Lastly, do you believe that introducing a modern vending machine embodying the characteristics and principles described above would contribute any kind of value or establish a positive niche to a hotel you were staying?

70% (85)
Yes, of course.

26% (31)
I'm not sure.

4% (5)
No, I don't believe so.
